Title: Love story--- Sunshine Beach

Final:

My best friend, Mickey just sent a message to me, indicating that she got a boyfriend before Valentine's Day; it's such wonderful news for both her and me. Also makes me think of how I met Stefano.

After the night party at J11, I was so sad and agitated when Koichi kissed me and told me that he loves me for a long time. He is a really great man which is studying in Tokyo University for graduate study. However, I have no feelings to him and treated him as my wonderful friend only. I didn't know what to do but decided to tell Stefano, the only Italian and closest friend among my friend circle. He comforted me and encouraged me to tell Koichi my real feelings. Thanks to him, I did. But still, I felt a bit stuck feeling in mind, for some reasons I didn't notice. Then Stefano asked me out to Pacific beach for having a walk, for just relaxing.

It was a sunning afternoon; he and I chatted on the shuttle bus for 40 minutes to Pacific Beach. There was a sweet couple sat in front of us, smiling to us, even also their lovely baby was waving his hand to us. A kind of chemistry was there between us, I suddenly felt. It's a complicated feeling: a bit weird; a bit sweet, just like the air was covered with light fruity fragrance! It seemed we were a couple in other's eye! As we arrived Pacific beach, we walked along the beautiful shining shore, we sang, we ran, we shared stories in our lives. We sat on the sand beach and watched the sunset. It was

a speechless, glary view there! I didn't know why but just staring and smiling to him, until the sun disappeared into the horizon. Yet, we didn't kiss and didn't know maybe there was not only friendship between us. In the end of the day, he brought me to his friend's Italian restaurant; we had a very good time and I was feeling more released.

One week had passed, we messaged each other often, but both of us didn't tell the feelings between each other. He always waited for me after classes. However, I was so stupid that never knew this. Because of I was always surrounding by friends and was preparing for a closing ceremony speech with partners. He felt very disappointed. He thought I must be regarding him as a passenger only; even never thinks he's a special person in my life. On the other hand, I had the same feeling, because I always missed him after classes. Moreover, I knew that I only stayed in the U.S. for a short tern; it's not long enough to have a boyfriend, no matter how good I think the boy is.

He is always joking for my cooking and cooked for me. He is a romantic guy that always prepares surprise to me. Comparing to my practical characters, my mature heart and his sometimes childish but clever mind, we are fitting each other a lot. He is a wise man knowing lots of living wisdoms. On the opposite, I am an 18 year-old girl that lacking of common sense. He always takes care of me and teaches me things. I am getting relied on him.

After the study in UCSD, I said good bye to him and both of us went to travel different places. Thankfully, He never forgot me during the trip in LA and SF while I stayed in Las Vegas. We deeply remained each others' figure in heart, cannot be waved off. Finally, he filled his courage up and

asked me out again. For his surprise, I nodded my head right away! We had a very wonderful real date. It was unforgettable and we became a true couple. It was so nature and exciting! I haven't had a boyfriend since the past three years after I graduated from junior high school! Things just come naturally. I can sing as happily as a mooring bird!

Time passed fast, underestimated. It limited us to say good bye in one week. The crystal in my eyes had overflowed to orbit. We just couldn't believe that we had found such an amazing partner in the United State, but have to say farewell. It's a very bitter-sweet good bye. Although the distance separated us, we are not afraid. We are very brave and start the internet space. Believing in love and studying very hard for the future.

We are the couple that doesn't mind how difficult the situation is and ready to fight for! We still love each other and want to try our best. Thanks for Mickey that let me think of this past memory. And I am here wishing her a very blessing relationship with her boyfriend. Good job, young lady!
